□ 1903

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mrs. McMORRIS RODGERS. Mr. Speaker, on rollcall No. 287 on H.R. 2383, on Motion to Suspend the Rules and Pass, to designate the new Interstate Route 70 bridge over the Mississippi River connecting St. Louis, Missouri, and southwestern Illinois as the "Stan Musial Veterans Memorial Bridge", I am not recorded because I was absent due to a death in the family. Had I been present, I would have voted "yea."

Mr. Speaker, on rollcall No. 288 on H.R. 1092, on Motion to Suspend the Rules and Agree, to designate the air route traffic control center located in Nashua, New Hampshire, as the Patricia Clark Boston Air Route Traffic Control Center", I am not recorded because I was absent due to a death in the family. Had I been present, I would have voted "yea."

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 1213

Mr. POCAN. Mr. Speaker, I ask unanimous consent that my name be removed as a cosponsor of H.R. 1213.

The SPEAKER pro tempore (Mr. MULLIN). Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

WAR ON COAL

(Mr. ROTHFUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROTHFUS. Mr. Speaker, I rise today to express my frustration and disappointment with President Obama's war on coal. This war on coal is a war on the middle class. It's a war on good-paying jobs, and it's a war on American prosperity.

You cannot pay for our critical social safety net programs unless you have a growing economy. You will not have a growing economy without low-cost American energy.

President Obama's new regulations will shutter coal mines and power plants. It will raise energy costs and significantly impact moms and dads sitting around the kitchen table paying their monthly utility bills.

It is time for President Obama to stop forcing Americans out of work and to stop giving a leg up to foreign competitors like China. It is time for President Obama to take his hand off the dimmer switch for the American economy. It is time to end this war on low-cost American energy so Americans can grow, prosper, and shine brightly once again.

CONGRATULATING CHICAGO BLACKHAWKS

(Mr. LIPINSKI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LIPINSKI. Mr. Speaker, I rise to congratulate the 2013 Stanley Cup Champion Chicago Blackhawks. Last night, sorrow quickly turned to joy when the Hawks netted two goals in 17 seconds late in the game to avoid a game seven. The crowd at Palmer Place in LaGrange erupted as Chelsea Dagger played, and we celebrated a second Cup in 4 years.

Congratulations especially to Captain Jonathan Toews, Conn Smyth Trophy winner Patrick Kane, and goalie Corey Crawford. But this was truly a team victory—from all of the players on the ice, to Coach Q, to GM Stan Bowman, to owner Rocky Wirtz. The entire organization deserves to be commended, and I thank all of them for once again making us proud.

I also want to congratulate the Boston Bruins for their great season and a hard-fought final befitting an Original Six matchup.

Mr. Speaker, I ask my colleagues to join me in congratulating the Chicago Blackhawks, and I look forward to seeing the Cup back in Chicago.

PRESIDENT OBAMA'S WAR ON AMERICAN ENERGY

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, today the President declared war on America's energy. The administration issued an imperial-style edict ordering the EPA, in essence, to shut down domestic energy: oil, natural gas, and coal.

Never mind the consequences. By shutting down coal, for instance, he's shutting down 37 percent of America's energy. But he doesn't care that Congress has rejected this policy in the past. He just wants it his way.

Well, he won't get it without a fight. I have introduced the Ensuring Affordable Energy Act. This bill will put an end to the back-door, monarch-style administration that ignores Congress and circumvents the will of the people.

The bill would prohibit any EPA funds from being used to implement the regulation of greenhouse gases. The White House's new war on energy will only raise the costs for our families, cripple the economy, and put Americans out of work.

This war is out of touch with the real world. It's a war against America that Americans can't afford to lose.

And that's just the way it is.

ADDRESSING HEINOUS HATE CRIMES

(Mr. SWALWELL of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SWALWELL of California. No American should live in fear of becoming a victim of a violent hate crime. In my role as the former lead hate crimes prosecutor for the Alameda County District Attorney's Office, I saw, firsthand, the devastating impact that hate crimes can have on our communities.

Sadly, since taking office I have heard from constituents and leaders from the Hindu, Sikh, and Arab American communities about the ongoing threats that they face. That is why in March I sent a letter to the FBI Advisory Policy Board requesting that the FBI add three additional hate crime categories to track anti-Hindu, anti-Sikh, and anti-Arab American hate crimes.

Gathering this information will encourage the affected community members to report hate crimes to law enforcement and will help strengthen relationships among communities, local and State law enforcement, and the FBI.

I'm happy to report that the policy board followed up on my letter and has
